HOIST HIRE SERVICES LIMITED

MABER MBC2000

2000kg TRANSPORT PLATFORM

The MBC2000 has two separate control systems and can be used either as a material hoist only or as a transport platform for passengers and materials.

The transport platform control with a speed of 12 m/min is activated for transporting passengers (max 8 persons including operator) and materials. For transporting construction materials only, the device is switched to the material hoist mode with a lifting speed of 24 m/min.

Supplied with Electrically & Mechanically interlocking Landing gates, this single-mast MBC2000 transport platform is a robust, large, and very reliable option for all trades and applications.
